

## Spanish

*At St Anthony's School we believe that the learning of a language is provides a valuable educational, social and cultural experience for out pupils. It helps them to develop communication skills, including key skills in speaking, listening, reading and writing. We follow the Janet Lloyd's scheme of work called 'Primary Languages Network', the lessons within the scheme will enable pupils to make substantial progress in one language. The linguistic skills gained will assist and lay foundations for further language learning.*

*Learning a language gives children a broader perspective on the world, encouraging them to understand their own cultures and those of others.*
