This half term, we are growing to be **faith-filled** in our beliefs;
and **hopeful** for the future.

My faith didn't remove the pain, but it got me through the pain.

September places for 2 and 3 year olds - act now!

We have a limited number of afternoon spaces in our Tiny Ants class and morning spaces in our Nursery class for September 2025.

To join Tiny Ants your child will need to turn 2-years-old on or before 1st September 2025. For Nursery they need to turn 3-years-old on or before 1st September 2025.

Please email, telephone or pop into the school office to enquire about one of these places: 84office@st-anthonys.solihull.sch.uk 0121 770 3168; but be quick – we expect there to be a high demand and for these places to fill very quickly!

'TUESDAY NEWS DAY'

What do animals need to be happy and healthy in zoos?

This week we learnt that Zoos, aquariums and safari parks in Great Britain will soon have to follow new rules to help them take better care of animals. These rules say that animals must have bigger and better spaces to live in. The changes will help many different animals, including elephants, stingrays, snowy owls and octopuses. Elephants, in particular, will be given much more room to move around and explore.

Things you could talk about at home:

- Have you ever visited a zoo?
- If you could design the perfect zoo, what would you include to keep the animals happy and healthy?
- Do you think zoos help people care about animals?

FREE Water Safety Lessons for 6-11 year olds

Subject: Dive into Summer Fun: Free Water Safety Lessons for Kids at North Solihull Sports Centre!

Dear Parent/Carer,

We're thrilled to share some exciting news! This summer, North Solihull Sports Centre is offering **free Water Safety Lessons** for children aged **6 to 11 years**. These sessions are designed to be both fun and educational, equipping your child with essential skills to stay safe and confident around water.

Why Enrol Your Child?

Water activities are a delightful part of summer, but safety is paramount. Our engaging lessons aim to:

- **Build Confidence:** Helping children feel comfortable and secure in the water.
- **Teach Vital Skills:** From recognising potential hazards to responding effectively in emergencies.
- **Promote Lifelong Safety Habits:** Encouraging responsible enjoyment of water-based activities.

Course Details:

- **Location:** North Solihull Sports Centre, Conway Road, B37 5LA
- **Start Date:** Tuesday, 1st July 2025
- **Session Times:** Between 4:00 PM and 6:00 PM (based on ability)
- **Duration:** 30-minute session per child, once a week
- **Course Length:** 12 weeks
- **Cost:** Absolutely free!

How to Secure a Spot:

Spaces are limited and will be allocated on a first-come, first-served basis. To reserve your child's place:

1. **Scan the QR code** attached to this letter.
2. **Complete the application form**—please submit one per child.

If you have any questions or need assistance, feel free to reach out to our team at northsolihullactivities@everyoneactive.com.

Let's make this summer both fun and safe by empowering our children with the skills they need to enjoy water activities confidently!

Warm regards,

Emma Marshall

Water Safety for EVERYONE!

Tiny Ants

Our Tiny Ants 'star of the week' is Reign Curley on for star of the week sharing his knowledge of animals.

This week, in Tiny Ants we have been learning about animals that live in the ocean and how we can care for them. We have read the story 'Take Care of Us' by Rod Campbell. The children are creating a collaborative art project using gluing, sticking, printing and painting skills working together as a team.

Nursery

This week, in Nursery we have been focusing on Father's Day. The children have spoken about their special person and why they love them. They have created their special person cards and pictures and have worked hard cutting out hearts for inside their cards. Nursery have also showed amazing name writing skills and some of the children tried very hard at attempting to write the word 'Dad' for inside their cards. Well Done Nursery!

Reception

This week, Reception have been learning about the wonder of Pentecost and the Holy Spirit! The children created beautiful Holy Spirit headbands, symbolizing the flames of love and guidance that the Holy Spirit brings. Through stories and discussions, they've deepened their understanding of this special day and its significance in our faith.

In Science, we have been learning about the life cycle of butterflies. Reception have been fascinated by the transformation from caterpillar to chrysalis to beautiful butterfly. Next week, they'll be welcoming real caterpillars into the classroom and will get to observe and care for them as they grow. We are looking forward to watching and predicting all about this amazing transformation in nature.

Year 1

Well done to all of Year 1, who did tried their very best in the phonics screening this week!

Don't forget to return your permission slips for our school trip to Twycross on Thursday 10th July.

Year 2

We've had an exciting week in Year 2, full of learning, laughter, and teamwork! In PE, we kicked off our new topic: *Outdoor Games*. The children jumped right into the fun with a creative and energetic game of cricket, which was a big hit with everyone! In Science, we explored materials to find out which would make the best lunch box. They asked great questions, made thoughtful predictions, and worked hard to test their ideas. Well done, Year 2, for a fantastic week!

Year 3

Year 3 have moved onto learning about time in Maths. In Geography, we have continued learning about Europe and found out some interesting facts about physical and human features across different European countries. We explored the school grounds in search of animal homes in Science, and continued reading the 'Pied Piper of Hamelin' in English.

Huge well done to the Holy Communion children, you all looked amazing on Saturday, and everybody was so proud. Thank you to everyone who attended to support us!

Year 4

This week, Year 4 were fortunate enough to have a visit from Sheldon Fire Service. They taught the children lots about fire safety, water safety and road and car safety. The children loved the chance to ask them questions about their careers as well as asking them advice for what to do in situations when they may be involved in an emergency. Before they left, the firefighters commented that the children were, 'The best class they had spoken to'. Well done Year 4!

Year 6

Last week, Year 6 were lucky enough to have a visit from our local police officers. They discussed transition to secondary school and how to keep themselves safe both in the real world and online. Then they were able to try on the police kit and even watch Miss Cartwright be handcuffed! The police officers who visited us are partnered with our local secondary schools so the children will also be seeing them when they move on to Year 7.

Wishing Ms Riley, a very Happy,
Special Birthday!

The event will include a range of interactive demonstrations, opportunities to meet firefighters, explore the fire engines, and take part in activities designed to both entertain and educate.

Online Safety for Parents and Carers

All The National College, and WakeUpWednesday guides empower and equip parents, carers and educators with the confidence and practical skills to be able to have informed and age-appropriate conversations with children about online safety, mental health and wellbeing, and digital change. Formally endorsed by National College Safety, these guides now address wider topics and themes. For further guides, tips and tips, please visit nationalcollege.com.

What Parents & Educators Need to Know about GENERATIVE AI SAFETY

Generative AI tools – such as ChatGPT – are now commonly used by children. In fact, 3 in 4 pupils in the 2024 Annual Literacy Survey reported using generative AI, up from just 2 in 5 the previous year. While these tools can boost learning and creativity, they also raise concerns around misinformation, privacy and security. This guide explores the key risks and how to support safe use.

WHAT ARE THE RISKS?

MISINFORMATION AND ACCURACY

Generative AI can sometimes produce false or misleading content. Children – and even adults – may assume the information is accurate and trustworthy. This can affect learning and understanding of important topics. It's vital to teach children to critically assess all information, even when it comes from AI.

EXPOSURE TO INAPPROPRIATE CONTENT

Because generative AI is trained on vast datasets from across the internet, there is a chance it may occasionally generate harmful or inappropriate content. Without supervision, children could encounter disturbing or unethical material. Active monitoring and clear usage boundaries can help reduce this risk.

PRIVACY AND DATA SECURITY

Some AI tools ask for personal details or store user interactions. If privacy settings are not correctly configured, children's personal data could be exposed or misused. Teaching good digital hygiene and setting strong privacy controls is essential for protecting children online.

REDUCED CRITICAL THINKING

Relying too heavily on AI-generated responses may reduce children's willingness to think independently. If they routinely use AI to solve problems or complete tasks, it could impact their ability to research, analyse and form their own ideas. Encouraging thoughtful reflection is key.

DIGITAL DEPENDENCY

Regular use of generative AI can contribute to increased screen time and less real-world interaction. If left unmanaged, it may affect physical activity levels, sleep, and social development. Striking a healthy balance between online and offline activities is important for wellbeing.

UNCLEAR ETHICAL BOUNDARIES

Children may not fully understand the ethical implications of using AI to complete homework or creative tasks. This can lead to unintentional plagiarism or dishonest academic practices. Conversations around responsible use and academic honesty are crucial.

Advice for Parents & Educators

ESTABLISH CLEAR GUIDELINES

Set clear, age-appropriate rules for when and how generative AI can be used. Revisit these regularly to help children develop a healthy, respectful and informed relationship with the technology.

PROMOTE ACTIVE SUPERVISION

Keep an eye on how the children in your care use AI tools. Check in regularly to ensure they're using them appropriately and be ready to step in if something doesn't feel right.

ENCOURAGE CRITICAL EVALUATION

Help children to question the accuracy of AI-generated information and seek out additional trusted sources. This builds essential digital literacy skills and supports better decision-making.

ENHANCE PRIVACY AWARENESS

Talk to children about the importance of keeping personal information private. Make sure privacy settings are in place and explain how data shared with AI tools could be used.

According to Ofcom, 90% of children are watching online videos and browsing the internet regularly. Children may love to stream videos and look up information, it's a fun way to learn and relax after all but they must be guided. The e-space is filled with inappropriate content and dangerous material. It is important that parents and even teachers, are able to steer their pupils and youngsters, towards the right places when online. Internet Matters has published a guide dedicated to supporting adults in setting digital boundaries for children, so that they can make smart choices and build healthy online habits. In the Internet Matters guide you'll find practical tips on managing content access, the use of safety controls, advice on setting boundaries and ways to educate children on how to stay secure online.
