Friday 12th September 2025

This half term, we are growing to be eloquent and truthful in what we say of ourselves, the relations between people, and the world.

Being educated, eloquent and knowing how to talk for yourself makes you go a long way.

Tinie Tempah – English musician

At St. Anthony's, we are always looking for ways to share and celebrate the wonderful things happening in our classrooms and wider school community. To make this even easier and more engaging, we will be moving from using **Twitter (X)** to **Instagram** as our main social media platform.

Please complete the form below to update photo permissions for your child:

<https://forms.office.com/e/g3cbswytY6>

You are all very welcome to join us for our first whole school Mass of the year, led by Year 6. This wonderful celebration will take place on **Wednesday 17th September at 9:15am.**

Please come along if you can – Fr. Sean (our new parish priest) is looking forward to meeting you all.

Secondary School Open Evenings

Choosing the right secondary school for your child is a huge decision and applications must be made by 31st October 2025. We would strongly advise visiting the schools you are applying to. Please find information about the open days for our two OLAAS secondary schools below. They are open to families of all pupils in Year 5 and Year 6.

Medication

REMINDER: Please remember to bring in any medication your child may need including inhalers.

Illness and Attendance

Student Illness and School Attendance

To ensure the health and well-being of all students and staff, we kindly ask that you keep your child at home if they are experiencing symptoms of illness. Children should remain home if they have a fever of 100.4°F (38°C) or higher, are vomiting, have diarrhoea or show signs of contagious conditions.

Unacceptable Reasons for School Absence

While we understand that every child may occasionally feel unwell, it is important to distinguish between minor discomfort and genuine illness that warrants absence from school. Vague symptoms such as “feeling unwell,” mild headaches, or general tiredness are not considered valid reasons to keep a child home and absence due to these reasons will not be authorised. In such cases, we encourage parents to use appropriate over-the-counter medication, such as paracetamol, before school. If your child’s condition worsens during the day, school staff will monitor them and contact you if it becomes necessary for them to be collected. Regular attendance is essential for your child’s academic progress and social development. We appreciate your support in ensuring that absences are limited to genuine illness in line with school guidelines.

School Absence Requests

We would like to remind all families that **Leave of Absence requests must be submitted to the school office at least four weeks in advance** of the proposed absence date.

Please note that, in line with government guidance, **holidays during term time cannot be authorised**. However, if your child will be absent from school for any reason, you are still required to complete a Leave of Absence request form so that we can record the absence appropriately.

If the reason for absence is due to illness, **medical evidence may be requested** to support the absence.

We kindly ask all families to be honest about the reason for any absence. It is not fair to put children in the difficult position of feeling they must hide the truth about where they have been. Transparency helps us to maintain trust and ensures accurate school records.

Thank you for your cooperation and continued support.

ATTENDANCE MATTERS

Tiny Ants

We have been exploring our outdoor area, playing in the sand, rocking on the seesaw, balancing on the blocks and playing in the water. We are continuing to make friendships by listening to stories together and sharing the paint resources.

Nursery

This week Nursery have had a great week continuing to learn each other's names and developing their friendships. We have also developed our speaking and listening skills through practising lots of nursery rhymes and listening to lots of different stories. We have also enjoyed exploring lots of sensory materials such as paint, playdough, sand and water.

Year 1

Year 1 have had a brilliant week. In maths we have been learning about place value and how we can represent objects using ten frames.

In English we have been reading the book 'Flooded' and deciding what things would help us during a flood and what wouldn't. We have also been learning about the story of Creation in RE and going outside to spot some of the things that God created in the story.

teachingmama.org

Year 2

What a brilliant second week we have had in Year 2! We have started our new topic, 'habitats' in Science and enjoyed exploring where mini-beasts live. In Maths, we have been working very hard to partition our numbers into tens and ones. I have been blown away by how amazing the children are at this! Another new topic of learning the children have started exploring is the Great Fire of London in History. This is a very exciting topic, and we can't wait to learn even more about the fire. It has been a wonderful start, Year 2. Keep it up! 😊

TYPES OF HABITATS

Coastal

Freshwater

Arid

Polar

Forest

Urban

Year 3

Year 3 have had a busy week! We enjoyed our science lesson, recalling the bones in the human skeleton and identifying their functions. We also loved reading 'Flooded' and exploring the characters feelings. We wrote a diary entry from the perspective of the monkey in the story and how he felt about having to try and get the community together to pull the plug. In maths, we have been partitioning numbers all the way up to 1000.

Year 4

This week in English lessons, we have adored our whole-school book 'Flooded'. We acted in role as some of the characters and worked beautifully in our groups, showing how great we are at teamwork. We've also celebrated amazing athletes in our P.E. multi-skills lessons, and worked as super scientists to classify animals and their habitats!

Year 5

Year 5 have been working so hard in Maths this week. We have continued looking at place value with numbers up to a million! We have focused on the value of each digit and how we can partition numbers in different ways.

Year 6

This week, Year 6 enjoyed their very first guitar lesson with Mr Lancaster. He was delighted to see them again, remembering how brilliantly they had played the ukulele back in Year 3, and was amazed at how much they had grown since then.

The lesson began with exploring the basic structure of the guitar and discussing how it differs from the ukulele. The children then learnt to find their 'E' string and began practicing their first notes, focusing on how to position the guitar correctly, along with their thumbs and fingers.

Mr. Lancaster was incredibly impressed with both their excellent playing skills and their fantastic behaviour throughout the session. Year 6 are already off to a brilliant start on their guitar journey!

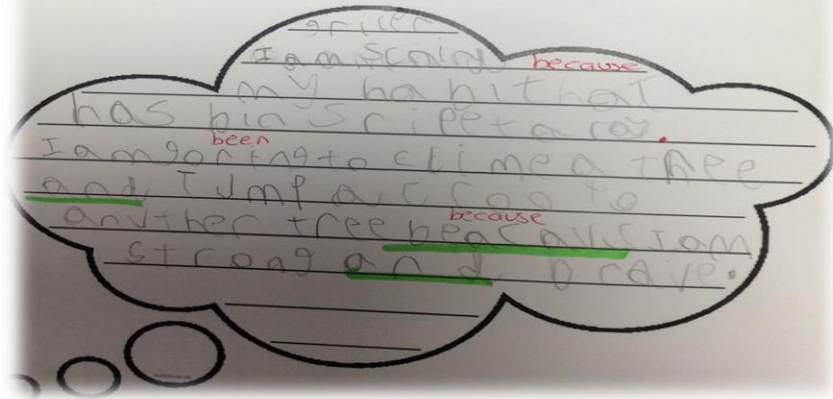

Flooded.....

This week we have been enjoying a whole school text in our English lessons. We have been looking at *Flooded* by Marija Ilustrajo. There has been such a range of writing produced, from instructions to persuasive speeches and reports. *Flooded* has not only given us some great inspiration in our English lessons but has linked so well to our Catholic Social Teaching focus this half term of "Family and Community".

Wednesday 10th September

WALT: role play how different animals might be feeling in the book 'Flooded'.

Flooded

Tuesday 9th September

WALT: infer and create predictions based upon the book 'Flooded'

1. What questions do you have about the book?
2. What do you think is happening?
3. Where do you think the animals have come from?
4. What do you think will happen next?

Is the story happy or sad? Did the animals have a boat or a row? How did they get in the tap? The rain in the tap because they were a toad off the top. I think they came from the sea because a nimbus live in the sea. ✓

The story is on 9th September

WALT: To the Mayor of London I am writing to complain about the problem is that you made all city flood. This is making it ever harder for the animals to help the animals. They are looking at the sea and they are going to help. Once the sea has got all the water you have.

I think we should put the animals in a ship with life boats. You could also help us with life jackets and other things. So get safe animals. ✓

Yours sincerely
Jacob Davis ✓

HEAD TEACHER'S AWARD

Water Safety Lessons

North Solihull Sports Centre is offering free Water Safety Lessons for children aged 6 to 11 years. These sessions are designed to be both fun and educational, equipping your child with essential skills to stay safe and confident around water.

Water activities are a delightful part of summer, but safety is paramount.

Our engaging lessons aim to:

- **Build Confidence:** Helping children feel comfortable and secure in the water.
- **Teach Vital Skills:** From recognising potential hazards to responding effectively in emergencies.
- **Promote Lifelong Safety Habits:** Encouraging responsible enjoyment of water-based activities.

Course Details:

- **Location:** North Solihull Sports Centre, Conway Road, B37 5LA
- **Start Date:** Tuesday, 23rd September 2025
- **Session Times:** Between 4:00 PM and 6:00 PM (based on ability)
- **Duration:** 30-minute session per child, once a week
- **Course Length:** 12 weeks
- **Cost:** Absolutely free!

How to Secure a Spot:

Spaces are limited and will be allocated on a first-come, first-served basis. To reserve your child's place: 1. Scan the QR code below. 2. Complete the application form—please submit one per child. If you have any questions or need assistance, feel free to reach out to our team at northsolihullactivities@everyoneactive.com. Let's make this summer both fun and safe by empowering our children with the skills they need to enjoy water activities confidently!

Online Safety for Parents and Carers

What Parents & Educators Need to Know about CONSPIRACY THEORIES

Conspiracy theories are false or misleading beliefs that explain events as secret plots, often involving powerful groups. While once fringe, they are now more accessible through digital media, online influencers and because of algorithmic recommendations. The DfE guidance document, 'Keeping Children Safe in Education' (KCSIE) explicitly recognises conspiracy theories as potential content risks. This guide will help parents and educators understand the risks, spot the signs, and build children's resilience to conspiracy theories.

WHAT ARE THE RISKS?

UNDERMINING TRUST

Conspiracy theories can lead children and young people to distrust democratic institutions and British Values, teachers, and even their own families and loved ones. This erosion of trust makes young people more vulnerable to extremist narratives by isolating them from reliable sources of information.

ONLINE ALGORITHM TRAPS

Social media platforms can often recommend sensationalist content. Once a child engages with one conspiracy-themed video or post, algorithms push more of the same, thereby creating an echo chamber that can intensify their beliefs.

MENTAL HEALTH IMPACT

Exposure to frightening conspiracy content, such as global plots, viruses, or government control, can fuel feelings of anxiety, paranoia, or hopelessness. For some young people, it can trigger prolonged distress or obsessive thinking.

GATEWAY TO EXTREMISM

Conspiracy theories can often overlap with extremist ideologies. Narratives that blame specific groups, such as politicians, scientists, or particular ethnic groups, can groom children in ways that foster hate, bigotry, and radicalisation.

CONFLICT WITH PEERS

Belief in conspiracy theories can lead to isolation or conflict at school. Children may struggle with peer relationships if they express these beliefs or become distrustful of others who disagree; sometimes, confrontation can even result in a strengthening of the belief in the conspiracy theory.

ERODED CRITICAL THINKING

Young people influenced by conspiracies may reject evidence-based learning. This risks undermining their academic progress and weakening their ability to think critically, assess risks, or engage in healthy debate.

Advice for Parents & Educators

I WANT TO BELIEVE

CREATE SAFE CONVERSATIONS

Don't mock or dismiss any questions that children and young people ask about conspiracy theories. Instead, create open, judgement-free spaces to talk. This strengthens trust and makes it more likely they will confide in you.

PROMOTE CRITICAL THINKING

Teach young people how to assess information critically. Encourage them to ask appropriate questions, such as: Who is telling me this? What evidence is there? What do other trusted sources say? Use real examples from current media to explain your answers and reasoning.

MONITOR DIGITAL BEHAVIOUR

Be aware of the content children are accessing, especially on platforms such as TikTok, YouTube, or Reddit. Use parental controls, but more importantly, maintain ongoing dialogue about online experiences and influencers.

REINFORCE RELIABLE SOURCES

Point children toward trustworthy and reliable sources of news and information in a variety of formats tailored to the young person's age. Build habits of verifying facts using reliable sources, and teach them how to spot misleading content.

Meet Our Expert

Brendan O'Keefe is a headteacher and digital education consultant with over a decade of experience in education. As Director of Digital Strategy across multiple schools and an advisor to The National College, he specialises in digital safety, PREVENT, and pastoral care.

Coffee and Chat

Solihull Parent
Carer Voice

CHANGE TO SEPTEMBER COFFEE AND CHAT

We are delighted to welcome **Rasheed Pendry** the new **Director of Children's Services** to our coffee and chat on **Thursday 18th September**.

Because Rasheed is able to join us we have had to make a change to the time and location: the session will **now** be

**10am-12pm at The Fordbridge Centre,
Nineacres Drive, B37 5DD**

Whether you're looking to connect with other parent carers, share your experiences, or get advice and support — you're very welcome. **The EHCP Team and SENDIAS** will also be in attendance offering advice.

We're here to listen. Solihull Parent Carer Voice represents your views, so come and tell us what matters to you. Let's support each other because your voice matters. No booking required.

Family Helpline

Early Help support for families and professionals in Solihull

0121 788 4327

Live from 3 March 2025

Available Monday-Thursday 09:00-16:30,
Friday 09:00-16:00

Our dedicated team of duty workers support with topics such as:

	1pm-4pm

Support for Parents and Carers

Did you know Solihull now has a new Family Help Line?

This has launched to support families and the people around them. You can now call 0121 788 4327 for advice, information, strategies & support on things like:

- Parenting support
- Family conflict particularly because of difficulties managing children's behaviours
- Parents/carers needing support if they are struggling to get their child/ren into school and getting in trouble because of this
- Parents/carers struggling to manage their child's health, developmental or social needs (including mental health)

The team can offer:

- Signposting to services and what's on offer at the Family Hubs
- Referral to a Family Support Worker
- Advice and Support on the wider Early Help offer & how this works

**** This is not a safeguarding or social work service, so if you are worried about a child being unsafe – please call the MASH on 0121 788 4300.**

According to Ofcom, 90% of children are watching online videos and browsing the internet regularly. Children may love to stream videos and look up information, it's a fun way to learn and relax after all but they must be guided. The e-space is filled with inappropriate content and dangerous material. It is important that parents and even teachers, are able to steer their pupils and youngsters, towards the right places when online. Internet Matters has published a guide dedicated to supporting adults in setting digital boundaries for children, so that they can make smart choices and build healthy online habits. In the Internet Matters guide you'll find practical tips on managing content access, the use of safety controls, advice on setting boundaries and ways to educate children on how to stay secure online. If interested please follow the link below:

Head Teacher's Awards

Congratulations!

Year 1 – Bella-Rose – for always having a positive attitude and wanting to help others.

Year 2 – Lukas – for your hard work, enthusiasm and kindness. Keep shining like Jesus! 😊

Year 3 – Otis – for always smiling and working hard – you are a joy to teach 😊

Year 4 – Subhan – for always trying his hardest even when it gets tricky, and never having to be asked twice to do anything. He is such a kind and helpful member of our school!

Year 5 – Rosie – for being confident, using her voice and letting her light shine.

Year 6 – William – for shining like a true Year 6 leader in every lesson. Well done 😊
